"ULTIMATE STORAGE REEL" Specifications Sheet

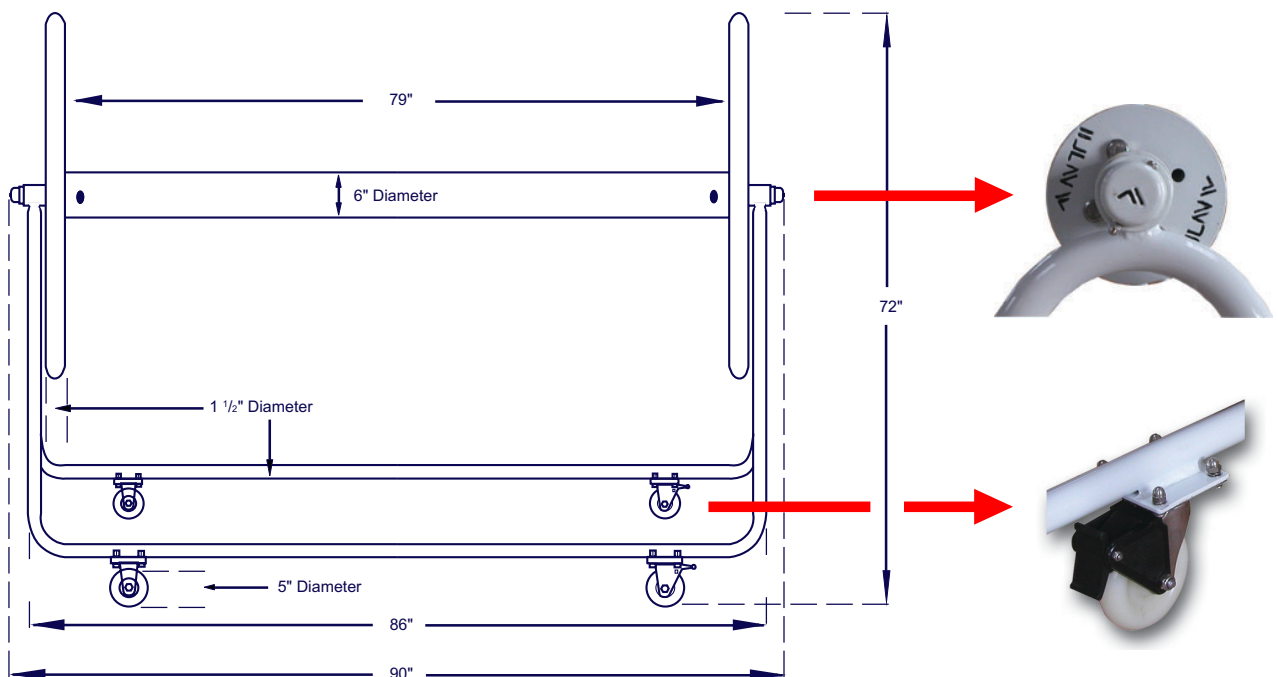

STORAGE REEL SPECIFICATIONS

The **Ultimate Storeel** is a high-capacity storage unit for swimming racing lanes. It is of white powder coated, aluminum construction. The center spool's diameter is 6", designed specifically to minimize damage to the discs when removing lanes from the pool. The **Ultimate** is mounted on four 5" casters, two of which rotate and have brakes attached. Its capacity is seven 25m 4Runner or four 25m 6" lanes. A protective mesh cover is sold separately.

All Ultimate Storage Reel is supported by a 3-year warranty.
